Travelers Condominium Protection Program

For condominium
owners who want more
from their insurance

When you own a condo, Travelers has you covered in more ways than one.

As the owner of a condominium unit, your insurance needs are different from other homeowners. Here's why: A master policy purchased by your condo association covers your unit's building, the common areas, and the unit owners' collective liability. But that policy does not cover damage to your personal belongings or property within your unit that is caused by vandalism, theft or fire. Nor does it cover your personal liability in the event of a lawsuit. The Travelers Condominium Protection Program can provide the protection you need at a price you can afford. To give you the maximum in flexibility and affordability, Travelers offers solid, basic coverage and lets you add special options to fit your needs.

The essentials of quality protection

Travelers Condominium Protection Program policy can cover:

- furniture
- clothing
- appliances
- many other personal belongings
- covered items you take while traveling
- additional living expenses if you have to move out during repairs

Personal liability coverage can provide you and your family with financial protection if someone is accidentally injured or their property is damaged:

- by you, your children or pets
- while on your property

Your policy may also cover:

- costs associated with defending you in a lawsuit related to injury or property damage
- you, if your credit cards, ATM cards, or checks are stolen or used without your permission
- costs which the condo association assesses on all unit owners due to a loss on common property which exceeds the master policy limit

Customize your protection with additional coverages

Some optional coverages include:

Enhanced Home Protection Bundles together our most popular optional coverages to broaden and expand the coverages provided by your basic policy.

Replacement Cost Contents Eliminates depreciation on the contents of your home.

Prices and discounts to save you money

The Travelers Condominium Protection Program is competitively priced. And to make it even more affordable, Travelers offers ways to reduce the cost of your insurance with a wide range of discounts if your condo is equipped with:

- antitheft devices
- smoke detectors
- fire alarms
- deadbolt locks
- a sprinkler system
- fire extinguishers

Little savings add up, too. By using Electronic Funds Transfer (EFT), you can save time and avoid the cost of postage for your insurance premium. Sign up by visiting mytravelers.com.
